

# WOODSMAN

## Multi-fuel Burners

As the name suggests, Woodsman multi-fuel burners give the flexibility of burning wood or coal or a combination of each. All of our multi-fuel burners are capable of an overnight burn when loaded correctly. And because they incorporate an ash pan, removal of ash is quick, clean and easy. Woodsman multi-fuel burners are excluded from NES clean air requirements on properties of 2 hectares or greater. Consult your local council in your region before purchase. As with all of our Woodsman burners our multi-fuel fires are made right here in New Zealand.

### The Stag

#### FREESTANDING MULTI-FUEL BURNER

- 56L**  
FIREBOX CAPACITY
- 6 log**  
FIREBOX CAPACITY
- 6mm**  
STEEL COOKTOP

Dimensions	726H × 615W × 633D
